House Sauce [eggs,celery,mustard]

The FSA recommend cooking burgers thoroughly to well done.
Burgers served under may contain harmful bacteria
that could cause food poisoning.

COOKING INSTRUCTIONS FOR ONE BACON CHEESEBURGER.

1. Open bacon packet and cook two strips in a pan or grill. It cooks very quickly and you want it nice and crispy. Set aside.
2. Preheat your frying pan over medium heat with a small amount of oil.
3. Toast the buns in a toaster on its lowest setting. You want them light brown.
4. Add a zigzag of house sauce to the top and bottom bun, and set aside.
5. Open the beef packet, remove paper and season on both sides of the patty. Place in the hot pan and start your timer (guide on previous page).
6. Flip the patty according to the timer and add one slice of American cheese to the patty and the two strips of bacon.
7. Once time is reached, lift out of the pan and then onto the bottom bun.
8. Add the top bun, take your photo for Instagram and enjoy.
